FIRE RESISTANT

BROOF(T4) – List of Tested PV Modules

S4 Mounting System Fire Performance – Tested & Approved Modules

S4 Roofit has been tested for external fire performance in accordance with CEN/TS 1187:2012 (Test 4) and classified BROOF(T4) under BS EN 13501-5 based on a tested roof-integrated configuration.

The photovoltaic module references listed in this document are covered by an Efectis technical assessment based on BROOF(T4) fire test evidence and are considered suitable for use within the S4 Roofit system, provided the installation conditions, system configuration and validity criteria of the assessment are respected.

All modules must be installed in accordance with the applicable S4 installation manual, project-specific design conditions and recognised roofing practice.
